AUTOMOTIVE

BAWER IS AN ADVANCED COMPANY THAT CONSTANTLY INVESTS IN RESEARCH AND DEVELOPMENT, ALWAYS SUGGESTING NEW SOLUTIONS AND OPTIMIZING AT THE BEST ITS PRODUCTION. BAWER CREATES ITS OWN PERSONALIZED PRODUCTS THANKS TO A WORK FOCUSED ON THE ATTENTION FOR THE DETAILS.

BAWER's production is based essentially on the different finishes and types of the steel, each of them complying with the specific use required by the different market areas. The choice of the raw material is accurate and rigorous and fully satisfies the various requirements. The constant control tests of each component in all the phases of the production cycle are meticulous until the delivery of the end product, in order to grant the absolute perfection and compliance with the different customer's requirements.

Quality is our business card used to present BAWER to the international markets. The certificates of BAWER's quality are various: UNI EN ISO 9001, UNI ISO/TS 16949, UNI EN ISO 13485, UNI EN ISO 14001, BS-OHSAS 18001.
